MERRIAM GOOD GOVERNOR

The recent attacks on Governor Merriam in regard to the oil wells at Huntington Beach by his political enemies are but an attempt to defeat him at the primary election. This mud-slinging at the eleventh hour is certain to react and assure the nomination of Governor Merriam.

Mr. Merriam has made the best governor that California has had in many years. He has given the state an able and economic administration, has balanced the budget and has taken care of the unemployed.

The voters know this and they are going to nominate and elect him.

BANCROFT SURE TO WIN

Philip Bancroft is certain to secure the Republican nomination for U. S. Senator at the primary election on Aug. 30. His chances for election in November are equally certain. He can easily defeat Senator McAdoo, who most likely will be the Democratic standard bearer.

The big Democratic registration will be offset by the discord in the rank and file of the party. The Republican party is united this year as never before and will win the senatorship and many congressmen.

The Republicans of Menlo Park are behind Mr. Bancroft for U. S. Senator almost to a man. They want no more of Ray L. Riley, his opponent, who has had his feet in the political trough for 25 years. Charley McCarthy would be just as able a representative at Washington as Riley.

WOMEN FORM ORGANIZATION TO AID ROLISON'S ELECTION

**Mrs. Kalenborn and Mrs. Cain Head Group;
Headquarters Opened**

Formal organization of a Women's Rolison-for-County Manager Club was effected Monday afternoon when 29 women from Redwood City and nearby communities met for that purpose in the office of Charles G. Lambert, local realtor.

Named as chairman was Mrs. A. S. Kalenborn, former dean of girls at Sequoia Union High School. Mrs. Alma E. Cain, secretary of the Lambert firm, was chosen secretary of the new organization.

Present at the hour-long discussion was Ernest A. Rolison, county executive, in behalf of whose election campaign the Women's Club was formed. Rolison gave a brief explanation of the significance of the manager type of government which has been gaining rapidly in adoption by important cities and counties throughout the world.

He described the system as one "which makes of government a business and eliminates politics," bringing out the connection of the widely-discussed Hollerith accounting machine with that conception of government.

In answering questions of those present, Rolison compared the Hollerith machine with the modern automobile. "The horse and buggy were sufficient to get you there, and probably cost less than the present automobiles, but the automobile affords so much more convenience there can be no question of its superiority," he explained.

Preliminary discussions at the meeting concerned plans to bring the issue of the election of the county executive directly to commuters who spend little of their time in Redwood City and hence are not impressed with the seriousness of the matter, and the importance of personal contact in bringing the issue to all voters.

Mrs. Kalenborn named Mrs. Norman Robotham of Summit Dr., Emerald Lake, as chairman of a committee which will plan the next meeting. It was agreed that an afternoon tea at the residence of one of the members would be ideal. Tentative date was set for

next Monday. Working with Mrs. Robotham, planning refreshments and other features of the next meeting, are Mrs. Paul Alexander, Mrs. I. H. Sanborn, Mrs. Bernard Bernasque and Mrs. Kalenborn.

Permanent headquarters for the Women's Club will be Lambert's office, 2013 Broadway. Mrs. Cain, secretary of the club, will be available there during the day, she said, to answer questions and to distribute campaign literature.

Others present at the meeting yesterday were:

From Redwood City: Mrs. A. E. Fagan, Mrs. Agnes M. Gunther, Mrs. Helen A. Poole, Mrs. E. A. Rolison, Mrs. M. H. Clarkson, Mrs. Sam Winklebeck, Mrs. Kathryn B. Morrish, Mrs. Martha George, Mrs. G. W. McNulty, Mrs. B. A. Barteaux, Mrs. Elizabeth P. Mansfield, Mrs. F. D. Hawkins, Mrs. Frieda L. Paul, Mrs. R. Jones, Mrs. Walter F. Murphy, Mrs. Roscoe Wyatt and Mrs. W. H. Nunn.

From San Carlos: Mrs. R. E. Aitken and Mrs. Otis L. McIntyre.

From Belmont: Mrs. P. F. Ross, Mrs. H. A. Luther and Mrs. Annette Alexander.

Reported desiring membership but unable to be present were Mrs. Henry A. Beege, Mrs. Fred Blase, Mrs. Donald L. Bogle, Mrs. Morris Cooper, Mrs. Norris C. Cummings, Mrs. N. H. Duncan, Mrs. Nettie Dusel, Mrs. Matthew A. Harris, Miss Marjorie Landers, Mrs. Robert Littler, Mrs. Paul A. McCarthy, Mrs. B. E. Myers, Mrs. H. L. Putnam, Mrs. Chester Richardson, Mrs. Louis Uhlenberg, Mrs. Clifton Woodhams, Mrs. Arthur Jensen, Mrs. R. H. Mensolan, Mrs. C. A. Buck, all of Redwood City; Mrs. Della Moore, of Menlo Park; Mrs. Ernest Clayton of San Carlos and Mrs. Charles McDonald of Atherton.

DELIBERATE MISSTATEMENTS MADE TO DISCREDIT ROLISON

[EDITORIAL]

Although it is true that Frederick Peterson possesses the qualities characteristic of a "good scout," is a "hail fellow, well met," and apparently knows how to get votes, the fact that he has a notable lack of the kind of ability which would fit him for county manager is causing those two journals which are espousing his candidacy for that office to resort to misstatements in their efforts to put him across. The misstatements, obviously deliberate, are designed, of course, to discredit the incumbent, Ernest A. Rolison.

One statement made recently would have readers of the paper believe that Mr. Rolison's career has not been noteworthy; that he has "made progress downward" because he went from Redwood City to Santa Barbara, thence to Redding, a small city. Now it has been publicly stated and published many times, and the record shows, that Mr. Rolison started his career in management in Redding 16 years ago and worked up till he went to Washington as principal engineer for President Roosevelt's Rural Electrification Administration.

Another statement read: "The present county executive did hire one (a bookkeeper), from Los Angeles, at a cost of \$5000 . . ." The fact is that Mr. Rolison had nothing to do with the hiring—although he would not have needed to be ashamed of it if he had. A governmental survey, talked of even before Mr. Rolison was appointed county manager, was authorized solely by resolution of the board of supervisors. That resolution is a matter of record in the courthouse. The simple truth is that the supervisors chose the California Taxpayers Association, a statewide organization, with directors in many counties including our own, to make the survey. The association appointed A. C. Fensel, college-trained research expert, to conduct the survey. Mr. Fensel was the logical choice because he had been a resident of Burlingame for years and even now is a property owner and resident near Woodside.

These misstatements—and there are others—are deliberate. Were they just errors, we could tolerate them. It is human to err. We've done it ourselves. But when facts are distorted solely to disparage work which can't be criticized by the use of truth, we believe that is going too far. We believe the truth should be told. And if the truth is not told, there must be a reason.

That reason must be that the qualifications of Mr. Peterson do not particularly fit him for the office of manager of San Mateo County. That was the conclusion of the board of supervisors more than a year ago when they considered him and nearly 40 other applicants for the post of executive, and chose Mr. Rolison from among them. It was proper then to consider qualifications of applicants. We believe it is proper now. And Mr. Rolison is still the man with the qualifications and administrative ability. That is why we believe he should be returned to office by an overwhelming vote in the election Aug. 30.

no further bequest to my said nephew for the reason that he has never taken any interest in myself or my late wife and I have never personally met him and consider that he is entitled to nothing further at my hand."

Nephew Files Suit Over \$12,000 Estate

A nephew cut off in his uncle's will with \$100 has wiled a contest in superior court alleging that Frank C. Birch, retired Burlingame insurance executive who died Feb. 7, was of unsound mind and under undue influence when he wrote his will Dec. 19, 1936.

Bulk of the \$12,164 estate went to a friend, Edmund Purdy, who received \$15,274.11. Only other legatees were Verna G. Arkless, who received \$20; Martha Line, \$4; and Florence Arkless, \$96.90.

Contestant is Classen Birch of Palo Alto, who alleges that the will was not signed in the presence of witnesses, that it was prepared under the influence of Purdy, and that there "existed a strange attachment on the part of the decedent for the said Edmund Purdy induced by unnatural flattery and unusual attentions."

In his will, Birch wrote: "I make

Missing Man Is Found Dead In Automobile

**Mystery Veils Death
Of L. C. Kilmer
Of Dumbarton**

Having been the object of a search by relatives since he had left home Saturday, Louis Clayton Kilmer, 63-year-old Dumbarton Oaks carpenter, was found dead in his coupe Monday only four blocks from his home at 48 Northumberland Ave., just south of Redwood City.

Although an autopsy performed by Dr. H. A. Clattenburg disclosed that Mr. Kilmer had died of carbon monoxide poisoning, relatives could think of no reason why the elderly man might have taken his own life. No notes were found which might have explained the act, had it been suicide.

The flexible metal hose which led from the motor's exhaust near the engine into the old model automobile through the floorboards was the one which once had connected the exhaust to a heater, in belief of Dep. Sheriff Leland Quinlan, who investigated.

Relatives reported that when the heater was in the machine, it brought an odor into the automobile, and they believed Mr. Kilmer might have removed the device but failed to take out the hose.

As a result, they theorized that he might have driven onto Westmoreland Ave. near Dumbarton Ave., where his body was found, to sleep, and failed to turn off the motor. His body was reclining on the seat, with head against the steering wheel, as if he were napping.

Residents in the vicinity had seen the machine parked on Westmoreland, which is parallel to and near the railroad, over the week-end, but were unable to see the body because of the high doors on the car. Some even were reported to have recognized the machine, but thought Mr. Kilmer had left it there while working on a nearby house construction project.

DREW SCHOOL SENDS MANY TO ACADEMIES

An enviable reputation for preparation of candidates for Annapolis, West Point and the Coast Guard Academy as well as for many major universities,

such as California, Stanford, Yale, Harvard, Princeton, and others, is claimed by Drew School, San Francisco.

The Drew School's four year high school course is accredited to University of California.

John S. Drew, a California graduate, active head of the school which for 30 years has served thousands of boys and girls.

The school is organized in small groups, usually numbering 10 to 12 students. The resulting individual attention assures rapid progress and freedom from disadvantages of the large, unwieldy classes of public schools, Drew said.

Competitive athletics are frowned upon at Drew School in order that full time may be devoted to scholastics. A feature of the school is the two-year high school course which prepares students for the College Board Examiners, also accrediting students to junior colleges.

The pioneer automobile race in the United States was held in 1895. It was 54.36 miles, and average speed of the winner was 7 1/2 miles per hour.

Animals purchased by the New York Zoological Park in the Bronx in 1937 cost \$22,417.08.

The new Board has made sincere efforts to bring order out of chaos. We believe we have had some measure of success and that comparative "Peace and Quiet" has been the rule and will continue. The task has not been easy—nor is it yet fully accomplished.

One of the first acts of the new Board of Supervisors was to notify the incumbent Executive that he would not be reappointed. The Board was unanimous in the belief that much of the turmoil and trouble in County affairs was due to the blunders of an Executive devoid of executive ability. . . .

Our next act was to choose a new Executive.

Our choice was E. A. Rolison, the present County Executive. He was high man of the applicants in TRAINING, EXPERIENCE, and EXECUTIVE ABILITY. HIS RECORD IS CLEAR CUT. THE MAN IS CLEAR CUT.

E. A. Rolison was the unanimous choice of the Board. He has had their unanimous support in all his acts since the day he was appointed. He has the INDIVIDUAL SUPPORT OF EACH AND EVERY MEMBER OF THE BOARD in his candidacy for re-election.

AND THAT IS SOMETHING FOR SAN MATEO COUNTY.

ONLY TWO CANDIDATES FOR COUNTY EXECUTIVE WILL BE ON THE BALLOT AT THE PRIMARY ELECTION, AUGUST 30. ONLY ONE CAN BE ELECTED. THE ISSUE WILL BE DECIDED ON AUGUST 30.

The writer is retiring to private life upon the expiration of his term of office.

I have nothing to gain or lose by the election or defeat of any candidate.

For the sake of continued PEACE AND QUIET in County affairs; for the hope of SANE COUNTY GOVERNMENT, I most sincerely recommend the election of the

PRESENT COUNTY EXECUTIVE

MR. E. A. ROLISON

MENLO PARK NEWS NOTES

Considerable improvements are about to be started on Trinity Episcopal Church by the new rector, Rev. Charles E. Fritz. The building is to be painted and an addition built to the rear to be used for the altar boys and the various societies of the church. One corner of the interior is to be enclosed and be known as the vestry room. The grounds are to be laid in walks, flowers, gardens and shrubbery.

Miss Jane Plummer and Mr. George Riley, both of San Francisco, will be united in marriage Saturday afternoon at 4:30 o'clock at the home of Mrs. A. B. Swinerton, Woodside, a relative of the pretty bride-to-be, Rev. Charles E. Fritz of Menlo Park will perform the ceremony. The event is to be quite a social affair.

It is said that the postoffice department will shortly begin selecting a site for the new postoffice in Menlo Park. The last congress appropriated \$75,000 for the building. When the new office is established, it is rumored it will be on Santa Cruz Ave.

Mrs. Fannie I. Kurtz, popular city clerk, is spending her vacation in Southern California. She is accompanied by Mrs. K. M. Martin. Mr. and Mrs. Adrian Ward and their winsome daughter, Jean, who have been vacationing in Southern California, have returned to their home here.

Rev. Robert Griser and family returned to their home in Whittier after spending a week with H. M. Agard. Mr. Griser is well known in Menlo Park, having filled the pulpit in Trinity Episcopal Church two summers some years ago during absence of Reverend Montgomery, then pastor. Reverend Griser has been for some years a teacher in Whittier High School.

The annual retreat for pastors and their assistants of the Catholic Diocese of San Francisco is taking place at St. Patrick's Seminary. The pastors will complete the retreat today. The assistant priests begin on Monday. Archbishop J. J. Mitty is in attendance.

son. It was a revelation to see his fingers dash over the keyboard of his dazzling white accordion, and he played everything from grand opera to jazz.

The musical theme girl for the exposition, Ruth Peterson, was a vision of loveliness in a dainty pink lace dress made Empire style. She not only pleased the eye, she pleased the ear. Her contralto voice has a mellow quality seldom heard and the charming manner in which she sang her numbers endeared her to everyone.

Patti Collette is an artist who has "arrived." She dances with grace. Her costumes set off her gorgeous platinum beauty and were ideally suited to her aesthetic type of dancing.

Besides acting as accompanist, Howard Eastwood, assisted by Budda, played a piano request program. Budda wandered through the audience asking for requests in groups of four. Mr. Eastwood would finish the first number and continue on with the other three and then start another group of four, thereby showing that the programs are not rehearsed.

Budda's show will go down in American Legion history as the best and most important ever put on by the 26th District American Legion.

Gilmore Pair Again in Court After New Rift

For the second time this year, Ladymay Gilmore, Hillsborough socialite, sued Wednesday, seeking separate maintenance from her husband, Don Gilmore, San Francisco automobile dealer.

Judge Raglan Tuttle of Nevada County, sitting for Judge A. R. Cotton, issued an order, returnable Monday, for Gilmore to show cause why he should not pay his wife \$600 monthly, \$1000 attorney fees, and why a receiver should not be appointed for the community property.

Mrs. Gilmore, in the complaint filed by her attorney, Courtney L. Moore, claimed that she was tricked into a reconciliation after her first separate maintenance suit was filed May 18. The complaint was dismissed June 15.

Three days after the reconciliation, Mrs. Gilmore claims, her husband informed her that although she had him "on the spot" before, he was "off the spot" now. She declared that his offer for a condonation was made solely for the purpose of securing the release of the court's order that he might hide and secrete the community property.

The Gilmores were married in Los Angeles Dec. 2, 1929, and have one child, Don Jr., aged 7 1/2. Their troubles started April 3, 1933, the complaint states, when the plaintiff became suspicious that Gilmore was consorting with other women. On May 1, the complaint states, he admitted consorting with another woman and promised not to see her again.

But on May 8, according to the complaint, Gilmore told his wife that he no longer loved her, and asked her to go to Reno for a divorce. Instead, she filed the suit for

BIKE PARADE SET FOR 2 SATURDAY; FIVE PRIZES OFFERED FOR ENTRIES

MUST — MUST — MUST — MUST

As the first public activity of the newly-formed Redwood City Bicycle Safety Club, the VFW-sponsored organization's bicycle parade set for this Saturday afternoon will start at 2 o'clock at Arguello St. and Broadway and proceed on Broadway to Main St., out Main to Middlefield Rd., on Middlefield to Jefferson Ave., and on Jefferson to the Central School on Broadway.

All youngsters in this vicinity are eligible to participate for the prizes, which are as follows:

For the best decorated bicycle, first prize, \$3 merchandise order; second prize, \$2 order.

For funniest costume, \$2 order. For funniest decorated bicycle, \$1.50.

For oldest, most dilapidated bicycle which can be ridden, \$1. Following the parade, bike club members will meet at the school to make a record of all club members' bicycles, according to Joe S. Farr, Veterans of Foreign Wars member who has been aiding formation of the club. Then at 8 o'clock in the evening, new officers of the club will be installed.

The public is invited to participate in the parade.

Once Famed Singer Dies at Menlo Park

Nellie Constantine Ross, one of the beauties of the San Francisco theater in the days immediately following the 1906 fire, was laid to rest Wednesday. Widow of John Ross, she died at a rest home in Menlo Park after an illness of nearly two years.

According to her associates, the voice of Nellie Constantine was known in nearly every corner of the globe, her concert tours taking

her around the world a number of times. She listed among her friends many of the famous artists of the world, including Madame Melba.

Originally from Australia, Nellie Constantine was one of the artists at the reopening of the world-famous Tivoli Opera House in San Francisco after its restoration.

She married John Ross and retired from concert work about 15 years ago. Ross died in 1936.

Rolison Avers Untruths Told

Rumors, insinuations and even printed statements that County Manager E. A. Rolison has enlarged personnel at the courthouse, or that he has imported anyone to help him in his work caused him to brand all such accusations as untruths that can easily be disproven.

"The statement that additional help has been employed either from inside or outside the county to assist me in my work is wholly false and untrue, and can be easily disproven by payroll records," Rolison declared.

"Furthermore, I have not made a single dismissal nor have I added a single employee to the payroll since my appointment as county executive.

"As a matter of fact, this office under my jurisdiction has no jobs to offer, and any candidate who promises jobs for political favors must first remove those now in the employ of the county or create new jobs for this purpose before he can make good his promise.

"It also should be noted that this can be done only by the consent and with the approval of the board of supervisors.

"Therefore, it would seem that those who expect a reward for campaign efforts should demand something more than a promise for a political job should some certain candidate be elected."

While not mentioning his opponent in the current campaign for county manager—Frederick Peterson—Rolison was plainly referring to him, for Peterson is known to have indicated in some cases that reward in the form of patronage would be forthcoming in exchange for campaign aid should his candidacy be successful.

New Tax Rate Is Also Fixed

Redwood City's city council, meeting in brief session Tuesday in city hall, completed formal action on two matters:

1. Fixing the tax rate for the coming year at \$1.185 for the "old town" or east side; \$1.183 for the "annex"; \$1.054 for the South Redwood and Carmelita Manor sections, and \$0.815 for the harbor addition.

2. Setting for Tuesday, Sept. 27, an election to vote on \$97,000 in bonds to pay for the city's part in building a new library and a city hall. The \$78,542 remainder of the cost would come from the Public Works Administration, which already has allotted that amount for the projects.

No protests were heard at the meeting to either action.

Armand R. Dubuc Is Taken by Death

Armand R. Dubuc, a resident of Park Rd., Emerald Lake, passed away Sunday at the age of 30. He had been ill in a sanitarium for several months.

Mr. Dubuc, father of Jeanne Dubuc, was the son of Mr. and Mrs. Camille A. Dubuc, also of Emerald Lake, and brother of Mrs. Louise Christman, Mrs. Bernadette Saunders, Mrs. Camille Brown and Gergette and Alfred Dubuc. He was a salesman.

Trolley Bonds Put To Vote

The proposal to purchase the Market Street Railway, which operates a line down the Peninsula to San Mateo, will be put before San Francisco voters in the form of a \$24,500,000 bond proposal Sept. 27, the San Francisco Board of Supervisors decided early this week.

Fire Truck Purchase Is Put Up To Vote

Voters in the Brisbane Fire District will go to the polls Aug. 27 to decide whether or not to vote to purchase a new fire engine at the rate of \$1500 per annum for five years.

Decision to call the election created a row on the fire commission, and resulted in the resignation of Chairman Norman R. Brown. The board of supervisors was advised Tuesday that Mr. Brown would withdraw his resignation, and took no action on appointment of a successor.

Clement Crumb, 79, Is Taken by Death

Clement W. Crumb, a resident of Redwood City for the past 14 years and father of Fred W. Crumb, candidate for county treasurer, passed away Wednesday at Mills Memorial Hospital where he had been since Saturday.

Although Mr. Crumb had been in failing health, he had conducted his blueprinting business at his shop at 425 Bradford St. until three weeks ago. The family home also is located at that address.

Mr. Crumb, who would have been 80 years old on Sept. 7, was a native of Milton, Wis., and had spent his life there, where he was engaged in the produce business, until moving to California in 1924. He belonged to Du Lac Lodge 322, Independent Order of Odd Fellows, and Milton Lodge 161, Free and Accepted Masons, both in Milton. Mr. Crumb's wife, Elizabeth J. Crumb, and his son both plan to accompany the body East, in accordance with his expressed wish.

Young Sequoia Graduate Dies

Stricken in the Stanford Theater in Palo Alto, apparently with a heart attack, James Madison Jacob, 18, graduate last June of Sequoia High School in Redwood City, died Saturday afternoon.

Young Jacob was the son of Mr. and Mrs. Joseph M. Jacob of Tuscaloosa and Austin Aves., Atherton. A sister, Mrs. Harold Eisenberg of Palo Alto, also survives. He was born in San Francisco.

Blank Cartridge Injures Picnicker

MENLO PARK, Aug. 15—Severe hip burns were suffered by W. A. Molter, 813 Market St., San Francisco, when he was struck by the discharge of a blank pistol cartridge at a picnic near Portola Park yesterday afternoon.

The shot, fired to start a potato race, ignited the victims' clothing and seared his flesh.

Molter applied for first aid at the Menlo Park Fire Station and a private physician was called to treat him.

Another Oil Well Planned on Coast

The Wilshire Oil Co. which has spent more than \$50,000 in deep test oil well drilling in Half Moon Bay, will soon start another deep test well on its Cowell lease there. San Francisco oil experts said Tuesday.

The company's Cowell No. 1 well was drilled to 8060 feet, with oil being found but not in commercial quantities. The well was plugged back to 2724 feet and has been producing 10 barrels a day of 50 gravity clean oil of high quality and unusually high gasoline content, the experts declared.

This is not sufficient quantity to make the well of real commercial value.

The new well will be 400 feet southwest of the Cowell No. 1 well.

Farmers' co-operative associations have added more than a half-million members to their ranks in the past decade.

62 Property Owners
Would Leave District

Sixty-two residents of Palo Alto Park have petitioned the board of supervisors to allow them to withdraw from the Willow Road Water District. They claimed they were being served by the Palo Alto Park Mutual Water Co.

The signers "consent to and request withdrawal of the area served by the water company" from the district, the petition said, but because the area was not defined the board took no action.

J. H. Stubbe, chairman of the advisory board of the Ravenswood Water District, advised the supervisors of the wishes of the advisory group regarding joint purchase of water for the Ravenswood, East Palo Alto and Willow Road water districts, but separate management of each. He also suggested a revision of the wage scale for plumbers.

On suggestion of Asst. Dist. Atty. Daniel E. Sullivan, all water district matters were postponed until after adoption of the 1938-39 county budget.

DEAD SEA LION ON COAST

Officer Timothy Ryan of San Francisco inspected a giant female sea lion cast up on the beach below Fort Funston, and notified the San Francisco Health Department to remove the carcass immediately. It had been dead about a month, the officer estimated. According to one report, the body rested on the county line, and San Mateo County would be asked to share the cost of removal. No notification had been received at

Peninsulans Prepare Arguments on Bills

Two Peninsulans have been named by Lieut.-Gov. George J. Hatfield to prepare election arguments for and against initiative measures which will appear on the November ballot. The arguments will be published in the official handbook printed by the state, a copy going to each voter. Giles E. Johnson of Montara was appointed one of three to prepare arguments against the O'Donnell Oil Bill, and Jackson H. Ralston of Palo Alto was named one of three to prepare arguments for the single tax proposal as a substitute for the sales tax.

LIBRARY BOARD AND COUNCILMEN FAVOR PROJECTS

Unanimous in their opinion that their respective projects should be built now while federal grants are available, library trustees, city councilmen and city officials championed the library and city hall proposals vigorously Friday before the citizens' group which met

in the city hall. Mrs. A. S. Kalenborn, president of the library board, declared: "Our library building is probably the most inadequate and poorest of such buildings in this district. . . . It isn't the type of thing we should want in Redwood City. We want to be proud of our library." Dr. N. C. Cummings, library trustee, pointed out: "We should remember those countless people who use the library as a reading room. It becomes almost a home for

them." Mrs. Z. T. Thorning and Sanford B. Dole, the other library trustees, asserted they were convinced also that this was the opportune time for building a new library. Miss Wilhelmina Harper, librarian, declared that Architect Mitchell "has designed a fine library for us, one which would be adequate and of which we may be proud." Paul A. McCarthy, city councilman, who presided at the beginning of the session, said about the city hall: "All councilmen are of the

opinion that the city hall is of equal importance with the library, and I don't intend to minimize the importance of the library. Our interest is primarily for the public to have adequate service from its city government." George McNulty, city councilman, pointed out: "The police quarters are being furnished free to us now, but we might lose them anytime, then where would we be? I feel we need a city hall as badly as or

worse than a library." William Holm, councilman, said: "The fire department needs this very room for itself. The council is only here under sufferance of the fire department." Evans J. Fletcher, councilman, declared: "I feel the city hall is an apparent need. Many complaints are given to me by people who point out, for instance, that they can't see the city manager privately because he has no private office. Our municipal government, like a private

business, should have privacy. If anything ever was needed, it is a new city hall for Redwood City." On Sept. 22, 1914, a German submarine, the U9, sank three British cruisers in one hour, with a loss of 1400 men. The most violent earthquake east of the Mississippi occurred in Charleston, S. C., in 1886. The earliest cotton mill was established in Rhode Island in 1789.

A LETTER by James S. James

FIFTY TWO THOUSAND REGISTERED VOTERS in San Mateo County will have but little opportunity to learn the relative qualifications of MORE THAN ONE HUNDRED CANDIDATES to be voted upon in the coming Primary Election, August 30th.

Most voters sincerely want "GOOD GOVERNMENT." Practically all candidates promise "GOOD GOVERNMENT." Few are qualified to deliver. HOW WILL YOU CHOOSE?

I am not a candidate for any office. When my term as County Supervisor expires, I am returning to private life. However, I expect to continue my interest in the Government of San Mateo County and in the election of qualified officials.

As some of you know I, among others, have sponsored the candidacy of M. A. GRANT for COUNTY ENGINEER. I have done so because I know he is fully qualified for the job. He served under me as Deputy Engineer and Superintendent of the County Road Department during my four year term as County Engineer. Few men know him better than I do.

MR. GRANT knows the County Road System and its needs. He built up a loyal efficient and economical Road Organization. HE CAN DO IT AGAIN.

M. A. GRANT is qualified by his known ability as a Highway Construction Engineer. He is known as one of the best Road Maintenance men in the State. Road Maintenance is where your gas tax moneys can be conserved under a proper maintenance program—or it can be thrown away.

M. A. GRANT received his technical training at the University of California, College of Engineering. He is a Registered Civil Engineer with a background of 25 years practical experience. He received his early training with the State Highway Department. He helped build the bond issue roads of San Mateo County during 1914, 1915, and 1916. For a period of ten years he was Engineer and Superintendent of Construction for one of the large general contractors in San Francisco. He was Superintendent of our County Road Department from 1930 to 1934. Since 1935 MR. GRANT has been associated with the firm "GRANT AND HOFFMANN," general contractors.

M. A. GRANT is SHORT in stature but LONG in qualifications that make a SUCCESSFUL ENGINEER—the chief one of which is HONESTY.

M. A. GRANT is short on PROMISES but one hundred per cent on PERFORMANCE.

Being short on promises M. A. GRANT will be obligated only to the PEOPLE OF SAN MATEO COUNTY.

**"GOOD GOVERNMENT
IS PROVIDED BY MEN—
NOT LAWS"**

It is the writer's humble opinion that:

**M. A. GRANT
IS THE MAN
FOR COUNTY ENGINEER**

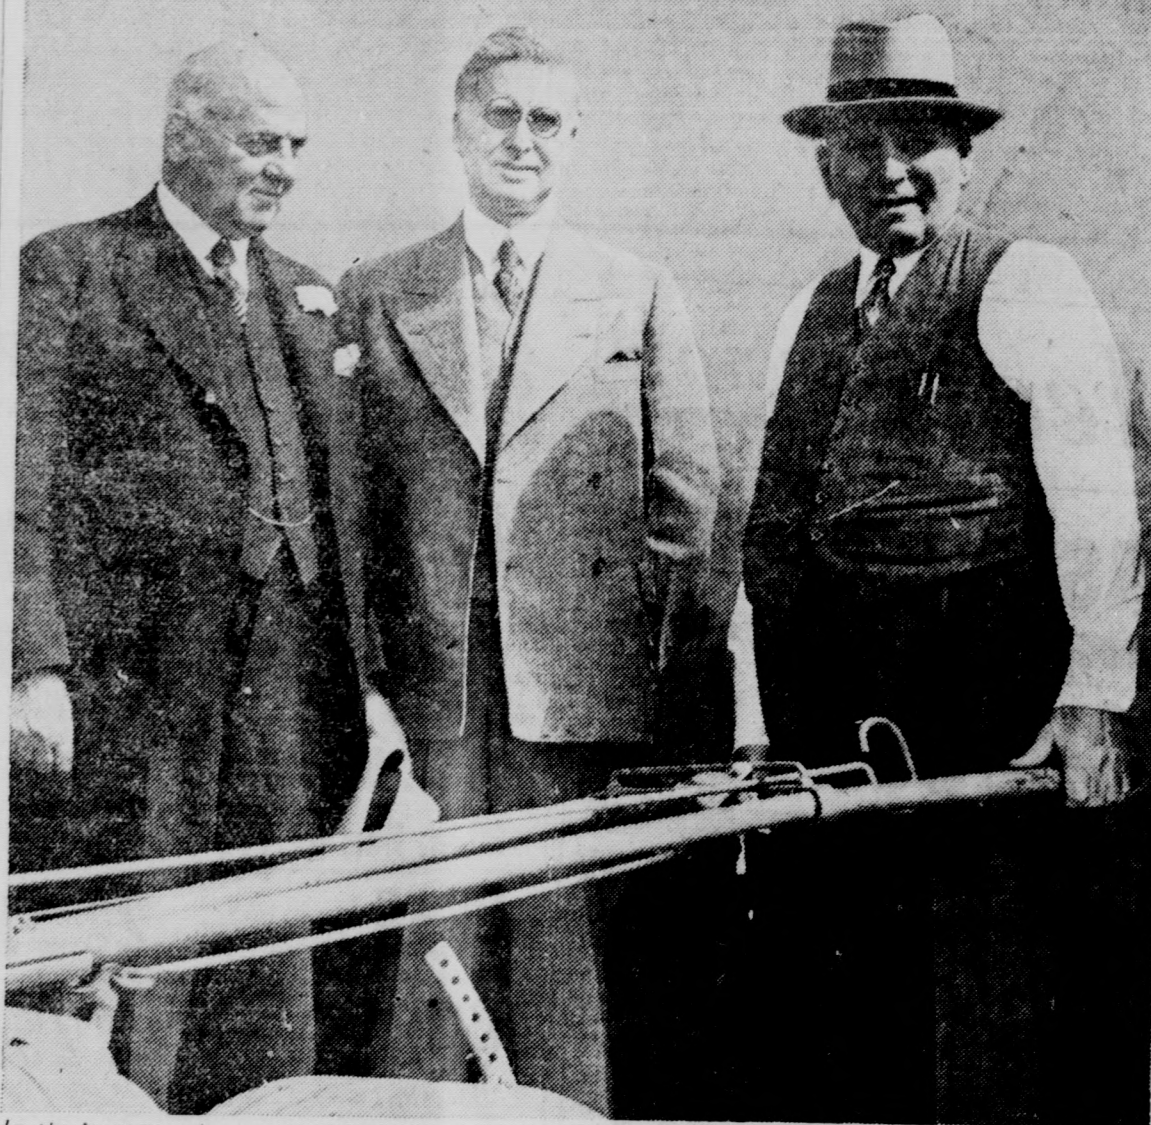

Redwood City, California,
August 16, 1938.

Respectfully submitted,

James S. James.

'Sea Horse' Gallops Away

DAILY CITY, Aug. 13 — Elwin Smith, 23-year-old Daily City youth, was recovering today from shock and exposure following an impromptu trip a mile to sea on 'ae back of an inflated rubber horse.

Smith, his wife, Marie, a sister, Dorothy, and others were at Pedro Point, San Mateo County Coastside, for an outing. There Smith rented the large sea mount and climbed aboard. The current took him out and a wave swept him off.

He grabbed the tail of the animal and hung on until rescued a mile from shore by George Lewis, from whom he had rented the "seahorse."

Supervisors Sell Coast School Bonds

The board of supervisors Tuesday awarded the \$80,000 Half Moon Bay Union High School bond issue to the firm of Blyth & Co. Inc. on its bid of 3 1/2 per cent interest and a premium of \$125. The bonds run for 20 years.

The Half Moon Bay bond issue was one of four considered, the four school bond issues totalling \$343,000. The board:

1. Set Sept. 6 to open bids on the \$130,000 Millbrae Elementary School bond issue.
2. Set the same date to open bids for the \$88,000 Redwood City Elementary School bond issue.
3. Fixed the interest rates for the \$45,000 San Carlos Elementary School bond issue in accordance with the terms of the bid of Kaiser & C., successful bidders. The bonds will bear 5 per cent for the first \$12,000 and 3 1/2 per cent thereafter.

Faso Gains New Attorney, Wins Delay in Hearing

Albert Mansfield appeared Monday as attorney for Liborio Faso, former Sequoia high school gardener indicted by the grand jury, when the case was called in the superior court.

Faso was scheduled to plead to the 11 counts of forgery and fraudulent school payroll charges against him, but Mansfield asked for a continuance of two weeks to enable him to study the transcript of the grand jury meetings.

Faso formerly was represented by the law firm of Bullock & Manders.

Afghanistan has a well-equipped army of over 100,000 men.
